BOOK SYNOPSIS

In this compelling account, James W. Fraser, an eminent historian of education, takes readers through two centuries of teacher preparation to uncover its development from colonial times to current standards-based models. Fraser examines a broad array of institutional arrangements, such as more familiar "normal schools" and less well-known arrangements, including teacher institutes and high school programs in rapidly expanding cities, segregated communities, rural areas, and Indian reservations. --from publisher description

PREPARING AMERICAS TEACHERS A HISTORY REFLECTIVE HISTORY SERIES - Are you looking for Ebook Preparing Americas Teachers A History Reflective History Series ?
